- I had a great experience at this rotation and would definitely recommend it to anyone. All the staff and doctors were very welcoming and eager to help from day one. I saw a wide variety of patients and enjoyed the amount of ocular disease.
 - The staff was awesome! Loved working with everyone and felt included in staff events even though we were only there for a short time. The doctors were great to work with and everyone was very helpful and encouraging. There was a wide range of patients and conditions we were able to work with.
