
Normandy Optical
Average Rating for 2021 – 2022 4.50

Response Scale: 1 = Poor; 2 = Marginal; 3 = Adequate; 4 = Good; 5 = Excellent; N = NA

- Normandy is a great rotation site, especially for primary care and cornea/specialty contact lenses. Externs also get firsthand exposure to practice management of a larger private practice. Externs should expect to travel between different locations.

Normandy Optical
Average Rating for 2020 – 2021 4.96

Response Scale: 1 = Poor; 2 = Marginal; 3 = Adequate; 4 = Good; 5 = Excellent; N = NA

- I'm excited to see the upcoming improvements that are to be made on this already fantastic rotation site. I would highly recommend this experience to any student. The exposure to practice management realities is enlightening and I was given just the right amount of autonomy. I couldn't have asked for a better first rotation. My next rotation site has some big shoes to fill.
- Dr. Sesto is an excellent instructor. This rotation is a great site to learn how to successfully practice full-scope optometry in a private practice setting. Since he is also the owner of Normandy Optical, you gain expansive knowledge on practice management; he will truly teach you more than you will ever need to know about all aspects of running a practice.
