Oscar Johnson VA  
Average Rating for 2021 – 2022 3.56

Response Scale: 1 = Poor; 2 = Marginal; 3 = Adequate; 4 = Good; 5 = Excellent; N = NA

---

- Strengths: Quantity of patients seen, Amount of interesting cases, Support staff, Flexibility on length of patient encounters. Weaknesses: Some of the equipment is poor and/or outdated or unavailable, The EHR is very different and not user friendly. Overall this is a good location for externships.
- Friendly and easy going environment, somewhat disorganized at times. I believe this is a good rotation, it just doesn't suit my personal learning style very well and I don't believe I have made a ton of progress.

- I couldn't have asked for a better final rotation. The clinical educators, support staff, environment, and equipment were all top notch. It was also a great privilege to serve our veterans for a few months. Due to high tech support, I experienced many patient encounters per day, which allowed for greater improvement of my clinical skills. The only downside to this site that I can see for the future, is a relatively low amount of exam lanes. Adding an additional lane would improve efficiency as this site continues to take on students from MCO.
