

Rosenbaum Eye and Laser Center
Average Rating for 2019 – 2020 4.89

Response Scale: 1 = Poor; 2 = Marginal; 3 = Adequate; 4 = Good; 5 = Excellent; N = NA

Student Comments:

- Rosenbaum's office was very nice to work at. I enjoyed going there and feel it is a good snippet of the rotation to get that experience regarding post op cataracts. I feel comfortable seeing a patient and know what to look for now. I liked how it was 1 time a month, it seemed just the right amount of time. I am interested in a residency that deals with post-op cataracts and I feel this gave me a good taste of what it would be like. I also enjoyed getting to meet Dr. Rosenbaum and see a few LASIK/PRK procedures.

- I really enjoyed this site although I was only there a few days out of the month. The clinic is a high-energy clinic: docs are eager to show you things and work well with each other. You get experience with high volume post-ops for LASIK and Cataract surgeries.
- 4. I really enjoyed this rotation and learned a lot by examining pre and post- op patients as well as watching surgical procedures!
