Educational Mission

Ferris State University exists to afford quality educational programs and experiences for the benefit of the students and communities it serves. In order to operate effectively, the University community requires a system of order in which its members, including the faculty, students, administration, and staff, support the educational functions and objectives of the University. It is the responsibility of each member of the University to promote standards of personal integrity that are in harmony with the educational mission of the institution.

Rights & Freedoms

As a member of the University community, students are expected to respect and value the rights of others, support the academic environment, and encourage the proper use of University facilities. Students are expected to observe national, state, and local laws as well as University rules, regulations, and policies. However, in developing this policy, the University wishes to reaffirm its traditional support of freedom of speech, freedom of inquiry, and freedom to dissent.

Code of Student Community Standards

The Code of Student Community Standards, the “Code” which is the official policy of the University, is comprised of principles and policies on Student Rights, Student Dignity, Misconduct, Victims’ Rights, Alcohol and Other Drug Policies, Disciplinary Procedures, and other principles and procedures.

Implementation

The 2021-2022 Code of Student Community Standards was implemented on August 25, 2021.

For the purposes of this code, the following definitions shall apply.

1. The term “**University**” means Ferris State University.
2. The term “**student**” includes the following:

 - b. A request for an extension must be submitted in writing to the Office of Student Conduct.

Student Responsibilities

Free Inquiry and Expression

Ferris State University, like all academic institutions, exists for the advancement of knowledge, the pursuit of truth, the development of students, and the promotion of the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. Students are expected to exercise their freedom to learn with responsibility and to respect the general conditions that maintain such freedom. Enjoyment of the freedoms described here depends in part on a student maintaining effective communication with the University.

Maintaining Local and Permanent Address

Ferris State University expects all students to maintain a current local and permanent address. Addresses may be updated at the Timme Center for Student Services.

Responsibility to Regularly Check & Respond to University Notices via Email

It is the student's responsibility to regularly check their Ferris State University email and respond to University notice appropriately. The University has developed general regulations concerning student conduct, which safeguard the right of every individual student to exercise fully the freedom to learn without undue interference.

Section II: University Disciplinary Procedures

Code of Student Community Standards

Section II: University Disciplinary Procedures

Due Process & Equal Protection

Ferris State University's procedures for imposing administrative and educational outcomes are designed to:

1. Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made through a conduct conference or University Committee on Discipline,
2. Provide students the guarantees of due process and procedural fairness,
3. Ensure equal protection for all students,
4. And provide for the imposition of similar outcomes for similar acts of misconduct.

At the same time, the procedures reflect the need to be concerned about the individual student involved in a particular case. The procedures therefore provide that the imposition of disciplinary outcomes must also be based upon a consideration of all the circumstances in a particular case, including a student's prior record of misconduct, if any.

Jurisdiction

On and Off Campus. The Ferris State University Code of Student Community Standards shall apply to conduct that occurs on Ferris State University property, at Ferris State University sponsored activities, and to off campus conduct that adversely affects the health and safety of the Ferris State University community and/or the pursuit of its objectives.

From Admission to Graduation. Each student shall be responsible for their conduct from the time of their admission at Ferris State University through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment, and even if the conduct is not discovered until after a degree is awarded.

After Withdrawal if Incident Occurred While Student. Additionally, the Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending. The Director of Student Conduct shall decide whether the Code shall be applied to conduct occurring off campus, on a case by case basis, at their sole discretion.

Registered Student Organizations. Individuals who are a part of an RSO which violates university policy may be held responsible for their own individual conduct. Information regarding policies and procedures applying to Registered Student Organizations (RSO) may be found in the *Registered Student Organization Handbook* published by the Center for Leadership, Activities and Career Services (CLACS). Any individual involved with an RSO is encouraged to read the RSO Handbook.

Disciplinary Procedures for Individual Misconduct³

Applicability of Procedures

- a. Disciplinary proceedings for acts of individual misconduct are governed by the following procedures.
- b. Disciplinary proceedings for an act of individual misconduct that is committed simultaneously with an act of academic misconduct are governed by the following procedures unless the

³ For more information about the differences between the Ferris State University student conduct system and the court system, please see Appendix A.

Vice President for Student Affairs and the Vice President for Academic Affairs agree otherwise.

- c. The disciplinary procedures in this section do not supersede proceedings involving the alleged violation of campus motor vehicle and Housing and Residence Life contractual provisions, though violations of related policies may be referred for disciplinary action. The procedures likewise do not govern proceedings involving the university's use of "registration holds" to collect money from students.

Amnesty

For complainants and witnesses

Ferris State University encourages the reporting of prohibited conduct under this policy. It is in the best interest of this community that as many individuals as possible choose to report to University officials, and that witnesses come forward to share what they know. To encourage reporting, individuals who in good faith report conduct prohibited by this policy, either as a complainant or a witness, will not be subject to disciplinary action by the University for their own personal consumption of alcohol, drugs, or other minor policy violations at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk.

For medical emergencies

In instances in which a student calls Public Safety, contacts a Housing staff, or another health and safety entity for assistance with an alcohol or other drug related emergency, the individual calling, those present in the immediate vicinity or the student in need of assistance, will not be subject to disciplinary action by the University for their own personal consumption of alcohol, drugs, or other minor policy violations at or near the time of the incident. In order to qualify for medical amnesty, medical attention must be received at the time of the incident.

Abuse of amnesty requests can result in a decision by the Director of Student Conduct not to extend amnesty.

Initiation of Proceedings

- a. A report that a student has committed an act of individual misconduct may be filed by any person.
- b. A report that a student has committed an act of individual misconduct must be submitted in writing to the Director of Student Conduct or appropriate designees.
- c. After reviewing a complaint, the Director of Student Conduct has the discretion to decide whether disciplinary proceedings should be instituted.
- d. If the Director of Student Conduct decides to initiate proceedings, the case will be assigned to a Conduct Case Manager or University Committee on Discipline.
- e. A student may request that the case be or not be assigned to a specific Conduct Case Manager or committee member, with the understanding that the Director of Student Conduct has complete discretion over the eventual assignment.
- f. Due process⁴ will be afforded to all Ferris State University students when charged with violating University regulations or policies.

Notice of Conduct Conference

- a. The Director of Student Conduct shall send notice of the conduct conference to the student's Ferris email account. In rare circumstances the Director may also send notice of the conduct conference to the student's local or permanent address as it appears in the official records of the University to be delivered by U.S. postal service or campus mail. ***The University***

⁴ For more information, please see Appendix C: What is Proper Due Process

considers it a student's responsibility to check their Ferris email regularly and respond to disciplinary notification in a timely manner no later than the date requested in the notification.

- b. The notice shall inform the student of the following:
1. The **opportunity to read all written reports and findings** from any investigation regarding the circumstances and allegations of the case.
 2. The **opportunity to attend a conduct conference**. A student's conduct conference shall be scheduled minimally three days after the date of the notice. However, a student may waive their right to this three day provision. For conduct conferences scheduled with a University Committee on Discipline (UCD), the conduct conference shall be scheduled minimally five days after the date of notice.
 3. The **opportunity to give a response** to the reports and to offer any additional information which might help in the resolution of the case.
 4. The **opportunity, during the conduct conference, to review all information and ask questions** (or choose NOT to ask questions) related to the case information that may adversely affect the student.
 5. The **opportunity to present witnesses** who may substantiate information related to the incident. A list of witnesses must be submitted no later than one business day before the conduct conference. The Director of Student Conduct, Conduct Case Manager or UCD Chair reserves the right to limit the number of witnesses based on the relevancy to the facts of the case. Character witnesses are generally not considered relevant.
 6. The **opportunity to have an advisor** present during the conduct conference; the advisor may not participate in presenting the case, question witnesses, or make statements during the conduct conference.
 7. Lastly, a **student is not required to attend their conduct conference or answer any questions** asked during the conduct conference; the choice to remain silent will not be taken as an admission of responsibility. However, a decision will be made in the student's absence and based on information available at the scheduled time of the conduct conference.

Conduct Conference

A conduct conference shall be conducted before a Conduct Case Manager at the discretion of the Director of Student Conduct, or their designee. Alternatively, in certain circumstances a University Committee on Discipline may be used.

- a. Conduct conferences are closed to the public. ⁵
- b. A Conduct Case Manager is generally an employee of the University who has received training to act in such capacity.
- c. In certain circumstances a second conduct officer may be used because of their expertise or ability to provide insight.
- d. The Conduct Case Manager shall maintain necessary order and shall make all rulings necessary for a fair, orderly, and expeditious conduct conference.
- e. The Conduct Case Manager may question any witnesses.

⁵ The NCHERM Group Model Code Project, 2013.

- f. When it appears necessary to avoid undue hardship, the Conduct Case Manager may, at their discretion, grant a reasonable postponement of the conduct conference, especially in circumstances where additional immediate support services are required (i.e. medical or mental health/emotional support).
- g. The decision of the Conduct Case Manager shall be based upon matters presented and introduced at the conduct conference and must be based upon a preponderance of the evidence (A determination whether the violation was more likely to have occurred than not).
- h. The Conduct Case Manager shall make a finding as to whether the student has committed only the violation(s) as charged based on a preponderance of the evidence. If the Conduct Case Manager or committee reaches a finding of “responsible”, the Conduct Case Manager or committee shall, after review of any disciplinary record the student may have, require one or a combination of the disciplinary outcomes (Administrative and Educational) enumerated under this code.
- i. A student will receive written notice of a decision and any applicable outcomes within a reasonable time frame. Cases requiring additional investigation may require additional time.
- j. If the student fails to attend their conduct conference after proper notification by the Office of Student Conduct, the conduct conference will proceed and a decision may be made in their absence. Or if the accused student withdraws from the institution prior to the adjudication of their case and the former student chooses not to appear, the conduct conference will proceed and a decision may be made in their absence. A representative may not appear in lieu of the respondent.

University Committee on Discipline

A University Committee on Discipline shall be convened at the discretion of the Director of Student Conduct, or their designee.

Please Note: the majority of conduct conferences are conducted by an individual Conduct Case Manager rather than a University Committee on Discipline (UCD). A Conduct Case Manager will follow the same conduct conference procedures as a UCD in a condensed and non-scripted format as described below.

- a. A University Committee on Discipline (UCD) committee shall consist of three members, including one student, one faculty member, and one staff member, with the committee selecting either the faculty or staff member to preside as the committee chair.
- b. If any member of a UCD committee is unable to be present or should request to be excused from serving for any good cause, another committee member shall be selected from the UCD committee list. If necessary, the conduct conference may be rescheduled at the discretion of the Director of Student Conduct.
- c. The UCD presiding chair, in consultation with any other members, shall maintain necessary order and shall make all rulings necessary for the fair, orderly, and expeditious conduct conference. The Conduct Case Manager or committee may question all witnesses. When it appears necessary to avoid undue hardship, the Conduct Case Manager may, at their discretion, grant a reasonable continuance of the conduct conference.
- d. At a University Committee on Discipline conduct conference, the Director of Student Conduct and the respondent may present and question witnesses, present other evidence, and question other witnesses. The respondent may respond to the charges but shall not be ordered to respond, nor shall failure to respond be considered an admission of responsibility.
- e. The Conduct Case Manager or committee shall make a finding as to whether the student has committed only the violation(s) as charged. If the Conduct Case Manager or committee finds that the student has committed the violation(s), the Conduct Case Manager or committee

shall, after review of any previous disciplinary record, require one or a combination of the disciplinary outcomes (Administrative and Educational) enumerated under this code.

- f. The decision of the UCD committee shall be based solely upon matters presented and introduced at the conduct conference and must be based upon a preponderance of the evidence (A determination whether the violation was more like to have occurred than not). A committee decision for each charge shall be made by majority vote.
- g. Within a reasonable time frame after the conclusion of the conduct conference, the Office of Student Conduct shall render a written decision and outline any outcomes imposed.
- h. The decision of the University Committee on Discipline will serve as a recommendation to be approved and implemented by the Dean of Student Life or their designee.
- i. If the student fails to attend the UCD conduct conference after proper notification by the Office of Student Conduct, the conduct conference will proceed and a decision may be made in their absence. Or if the accused student withdraws from the institution prior to the adjudication of their case and the former student chooses not to appear, the conduct conference will proceed and a decision may be made in their absence. A representative may not appear in lieu of the charged student.
- j. When an extension of time appears necessary to avoid undue hardship, the conduct case manager or committee may extend the time to enable a student to respond to the allegation and prepare a response.

Rights of the Respondent

In the interest of providing a fair and equitable process Ferris State University has policies established to ensure the rights of the respondent/alleged. For cases involving Title IX allegations of sexual violence these policies mirror the rights afforded to the complainant (See Code of Student Community Standards: Section III).

The University has established the following applicable rights for the respondent:

- a. A written notice of the alleged violation(s)
- b. The right to be advised of proper channels for support and appropriate resolution.
- c. The right of the respondent to have an advisor accompany them throughout disciplinary proceedings. An advisor is any individual chosen by the complainant or respondent to provide support before, during and after the conduct conference process. This person may be an attorney, but at no point may this individual represent in place of the individual they are present to support.
- d. The right of the respondent to determine their level of involvement in the conduct conference process. However, it is always preferable that the respondent be present during the conduct conference process.
- e. The right to challenge any individual serving as a Conduct Case Manager or University Committee on Discipline on the basis of bias.
- f. The right not to have irrelevant past conduct discussed during the conduct conference and only considered as part of the outcome determination process, where appropriate.
- g. The right to review all reports and relevant information that is to be considered during the conduct conference or conduct conference process. Evidence will be available to the complainant, when required by law.
- h. The opportunity to present material witnesses (those with firsthand knowledge of the incident) who may substantiate information related to the incident. A list of witnesses must be submitted no later than one business day before the conduct conference. The Director of Student Conduct, Conduct Case Manager, or UCD Chair reserves the right to limit the

number of witnesses based on the relevancy to the facts of the case. Character witnesses are generally not considered relevant.

- i. The right to receive written notice of a decision and any applicable outcomes within a reasonable time frame. Written notice of a decision will be sent concurrently to the complainant, when required by law.
- j. The opportunity to submit an appeal, subject to the conditions of the appeal process, by the deadline date stated in the written outcome of the conduct conference. The respondent will also be apprised that, when required by law the complainant may appeal the initial decision.
- k. The right to be treated with dignity and respect throughout the process.

Notice of Decision & Opportunity for Appeal

- a. The respondent will receive written notification of the decision of the conduct conference or UCD conduct conference within a reasonable time frame.
- b. The respondent, if found responsible, will have the opportunity to submit an appeal, subject to the conditions of the appeal process, within seven (7) calendar days of receiving the written decision letter provided to the student via Ferris State University student email.
- c. For cases involving Title IX sexual violence and others required by law, the complainant will also have the opportunity to submit an appeal, subject to the conditions of the appeal process, within seven (7) calendar days of receiving the written decision.
- d. All appeals must be submitted in writing to the Office of Student Conduct in University Center 129, or electronically by following the instructions provided on the decision letter received by the respondent or complainant.

Compliance Letters

The University is committed to maintaining a healthy and safe environment in our residential communities while respecting and preserving individual rights. Compliance letters are typically sent to student(s) in situations where items or circumstances observed in an on campus residence, fail to comply with Housing and Residence Life policies. Compliance Letters are not commonly used when the item or circumstance pose an active and/or imminent risk to the residential or campus community.

- a. A compliance letter shall be emailed to the student's Ferris email account and include the concern(s) observed in the room and the date they need to be resolved by.
- b. If the concern(s) are addressed by the date specified, and this is verified by a University official, no further action is taken and disciplinary proceedings are not initiated.
- c. Disciplinary proceedings may be initiated if the concern(s) are not addressed in their entirety by the date specified.

Disciplinary Records

All conduct records are maintained by the University for at least seven (7) years from the time of their creation except those that result in suspension or dismissal, which are maintained indefinitely.⁶

⁶ The NCHERM Group Model Code Project, 2013.

Outcomes

The Director of Student Conduct or their designee is authorized to impose any one or a combination of the following administrative and educational outcomes for behavior found to be in violation of the Code of Student Community Standards.

The University may impose other outcomes singularly or in combination with any of those listed below. The University recognizes two kinds of outcomes: administrative and educational, and they are often combined in an effort to hold students accountable while also providing resources to aid in a student's success.

Administrative Outcomes

1. *Administrative Warning*

An administrative warning is an official written warning issued by the University. This warning is meant to inform the student that they have been found in violation of the University policy and that they should understand that future violations could result in further disciplinary action. With an administrative warning, a student should have a clear understanding of the University's expectations for their future behavior.

2. *Disciplinary Probation*

Probation is intended to convey to the student that their conduct is unacceptable by University standards. Disciplinary probation is intended to convey to the student that their behavior has seriously impacted the community and should further violations occur, they may face suspension or dismissal from the University.

3. *Disciplinary Probation Career*

Disciplinary probation career is the highest administrative outcome a student may be issued and still actively attend the University. Disciplinary probation career will result in probation for the duration of the student's academic career. Further violation of University policies at any point during the probationary period will be viewed not only as a violation based upon the act itself, but also as a violation of the probation. This shall result in further action up to, and including, suspension or dismissal from the University.

4. *Suspension*

A student may be prohibited from participating in all aspects of University life for a specified period of time, usually a semester or a full academic year. When a student is suspended from the University, the suspension applies to all campuses of the University and prohibits that student from entering the grounds of all University campuses. When the term of the suspension has ended, the student may apply for readmission. Should a student choose to reapply and be readmitted to the University, the student would be placed on Disciplinary Probation for the remainder of their academic career at Ferris. In situations that a student has a disability, the University's section 504/Title II coordinator and other appropriate persons knowledgeable about the student's condition will be involved when that student seeks a return to the University.

A Conduct Case Manager or UCD panel may, in limited cases, decide to defer suspension until the end of the academic term when appropriate.

5. *Dismissal*

A student may be prohibited from participating in all aspects of the University permanently. When a student is dismissed from the University, the dismissal applies to all campuses and prohibits that student from entering the grounds of all University campuses. Furthermore, the student may not petition the University for readmission.

Further Information on Suspension or Dismissal

For those individuals who are either suspended or dismissed from Ferris, an AW (Administrative Withdraw) will be placed on the student's transcript if the suspension or dismissal is effective prior to the deadline for withdrawal from classes published by the University. This means that no grades A through F will be issued for that semester in which the student was suspended or dismissed. If the suspension or dismissal is effective after the deadline for withdrawal an AWF

(Administrative Withdraw Fail) will be assigned in the same manner as other students who withdraw after the deadline. That is, after the withdrawal deadline, a suspended or dismissed student would receive a grade of F for the semester in which they were suspended or dismissed.

Effective Enforcement of Administrative Outcomes

Administrative Outcomes do not become final until the opportunity to appeal has passed (7 calendar days after notification). Students who choose to appeal suspension or dismissal decisions may continue to go to class and engage in customary University activities until an appeal decision is made, unless there is an interim suspension already in force through the Dean of Student Life Office or is otherwise stipulated through the conduct process.

Educational Outcomes

Education and Safety are the two primary priorities for the Office of Student Conduct. To accomplish these goals, the Office of Student Conduct provides opportunities for students to reflect on and learn from their past experiences. Educational outcomes include, but are not limited to the following:

1. *CREW Alcohol Check-In*
This in-person program is provided by Ten16 Recovery Networks' FS/CREW office on campus. The goal of the CREW Alcohol Check-In is to have a judgement free conversation regarding a student's alcohol usage, and its impact on their success as a student. Students only attend one program session that lasts approximately 30 minutes. There is a **\$100 programming fee** for this in-person program.
2. *CREW Marijuana Check-In*
This in-person program is provided by Ten16 Recovery Networks' FS/CREW office on campus. The goal of the CREW Alcohol Check-In is to have a judgement free conversation regarding a student's marijuana and/or THC usage, and its impact on their success as a student. Students only attend one program session that lasts approximately 30 minutes. There is a **\$100 programming fee** for this in-person program.
3. *Nicotine 101*
Nicotine 101 is an online nicotine education course that strives to provide tools for students to make healthy choices about tobacco use. Students will explore their personal use of nicotine and associated behaviors and learn which diseases are associated with tobacco use. This course aims to address the behaviors of those who use nicotine and to provide valuable information on long-term use and adverse health effects. Presented in a motivational interviewing style, it empowers students to make their own decisions about nicotine use. There is an **\$80 programming fee** for this on-line program.
4. *AOD Wellness Program*
This program is for students who have run into recurrent and/or serious difficulty related to alcohol and other drugs on or off campus. The AOD Wellness Program consists of two sessions that are both 50 minutes. The program gives students the opportunity to consider their own ideals and goals around alcohol and other drugs (AOD) There is a **\$200 programming fee** for this in-person program.
5. *Prime for Life*
This program is for students to learn a set of practical strategies that reduce negative consequences of alcohol and other drug use. The Prime for Life program is in collaboration with the Mecosta County Ten16 Recovery Network. There is a **\$200 programming fee** for the cost of administering this program.
6. *Community Service*
The student may have the opportunity to choose the type of service they would like to perform and have the opportunity to work with staff at the Volunteer Center to find service opportunities that are meaningful to them, or they may perform service through in-hall service.
7. *Educational and Career Counseling Referral*

A student may be in the disciplinary process as a result of academic and personal challenges. Through a discussion with their conduct case manager, it may be determined that the student may benefit from participating in a two-part strategies program with an Educational Counselor.

8. *Individual Counseling Assessment*

In limited circumstances a student may be required to visit with Ferris State University's Personal Counseling Center for an individual assessment. Generally, students will not be required to participate "counseling" as that process requires an individual willing to participate to produce positive outcomes. However, students are often strongly encouraged to seek out support and a referral for voluntary counseling support may be made. These situations are handled confidentially.

9. *Mediation*

Mediation is an opportunity to appropriately resolve differences with another individual or individuals through the assistance of a trained, unbiased, third-party facilitator. A student or student organization(s) may be encouraged or required to attend mediation in lieu of formal adjudication or as a result of formal adjudication.

10. *Reflection Paper*

A student may be required to write a paper on a given topic(s) assigned by their conduct case manager. Reflection papers are typically designed to provide further opportunities for students to reflect on the incident they met about and to explore alternative behaviors in the future.

11. *Restitution*

A student may be required to pay the costs for the replacement or repair of any University property damaged by the student (not typically applied for off-campus conduct as restitution is often required through any court proceeding).

12. *Transfer to a Different Housing Unit*

An on-campus student may be required to transfer to a different residence hall or apartment when there exists a need to ensure the safety or the security of a specific person(s) or location where it does not warrant removal from Housing.

13. *Housing Contract Termination*

An on-campus student may lose their housing contract due to the severity of the incident and/or community impact. Decisions regarding removal from housing will be made in consultation with Housing & Residence Life.

14. *Parental/Guardian Notification*

A letter may be sent home to the parents or guardians of any student found in violation of an alcohol or drug policy violation. The intent of this letter is to ensure that the student, parent, and institution are able to work in partnership to foster student success. This letter informs the parent or guardian that future behavior of a similar nature may jeopardize the student's status at the University.

Parental/Guardian Notification

As allowed under exception from the Family Education Right to Privacy Act (FERPA) a letter may be sent home the parents or guardians of any student, under 21, found in violation of any alcohol or drug violation.

The intent of this letter is to ensure that the student, parent/guardian, and institution are able to work in partnership regarding individual student success. The parental/guardian notification letter informs the parent or guardian that a student's relationship with the University is tenuous and may be severed if the student's behavior is not altered.

Failure to Comply with Student Conduct Outcomes Registration Hold

Students who have failed to complete their assigned outcome(s) by the assigned deadline may receive notice of failure to comply. This communication will serve as notification that a registration hold may be placed on their account pending completion of assigned outcome. The registration hold may not be lifted until the student has successfully completed their outstanding assigned outcome(s).

Students sanctioned to an in person program through FS/CREW who schedule, but do not attend their appointment, may be referred back to the Office of Student Conduct for failing to comply with a Student Conduct outcome. This may result in a registration hold being placed on the students account and/or being reassessed the programing fee.

Housing Contract Termination

An on-campus student may be removed from University Housing, rescinding the student's contract with Housing. A student removed from University Housing may be banned from entering any University Housing facilities.

Appeal Procedures

A student found responsible through the conduct process may appeal the outcome of the conduct conference by submitting a written appeal within seven (7) calendar days of receiving notification of the decision. The written appeal must include: the grounds for appeal and the remedy that the person appealing is requesting. Only the student may submit an appeal on their behalf. Appeals submitted by any other party will not be considered.

- *Appeals of Suspension or Dismissal:* Reviewed by the Vice President of Student Affairs or their designee.
- *Appeals of LESS than Suspension or Dismissal:* Reviewed by the Dean of Student Life or their designee.
- **All appeals should be directed to the Office of Student Conduct for administration.**

Criteria for Appeal:

The appeal must be filed in writing by the appeal deadline date stated in the written outcome of the conduct conference. **Appeals must meet one of the following criteria:**

- a. Failure by the conduct case manager or committee to afford the student due process, or a procedural error in the conduct conference which may have been substantial enough to change the case outcome; and/or
- b. The discovery of substantive new evidence which was unknown to the conduct case manager at the time of the conduct conference that could have a significant effect on the case outcome.
- c. The severity of the outcome (ONLY in cases that result in *suspension* or *dismissal* from the University).

Procedure for when appeal is received

- a. An appellate officer or board shall review appeals as designated by the Vice President for Student Affairs or designee.
- b. Upon review of the written appeal material, the appellate officer or board may recommend one of the following options for approval by the Vice President for Student Affairs or their designee.
- c. If the grounds for appeal *have been* sufficiently satisfied and the appeal is accepted, one of the following will occur:

1. The case shall be remanded back to the original Conduct Case Manager or committee with specific instructions to correct a procedural error and reconsider the case.
 2. The case shall be remanded back to the Office of Student Conduct for a new conduct conference before a different Conduct Case Manager or committee; or
 3. The outcome may be modified.
- d. If the grounds for appeal *have not been* sufficiently satisfied, the original decision is upheld and outcomes are enforced.
 - e. Each student shall be limited to one appeal and shall not be entitled to appeal their case from one appellate officer to another. The decision of the appellate officer shall be final.
 - f. In cases where suspension or dismissal is applied, if a student has submitted an appeal, they may continue to go to class and engage in customary University activities (unless otherwise stipulated, typically by order of an interim suspension instituted by the Office of the Dean of Student Life) until an appeal decision is made.

Interim Measures

a. Authority for Interim Actions

Should there be reasonable cause, the Dean of Student Life or their designee may act immediately without following the conduct process procedures established by the University and impose interim actions to mitigate the effects of the alleged misconduct and otherwise promote the safety of University community members and/or property. Failure to comply with the requirements is a violation of the Code and may result in further action. Interim Actions may include:

- No Contact Orders,
- Residential reassignments or removal,
- Changes to employment assignments,
- Restriction of the student's presence in University buildings, on University property, and/or at University events.

Included in the notice of interim action will be information on how students can request an interim action review to be conducted. The student's request for the review must be submitted to the Office of Student Conduct in writing and include an explanation as to why they believe there is no cause for the interim action, or that the cause no longer exists. The student may include additional information not available at the time the interim measure was imposed in their written statement.

b. Authority for Interim Suspension

Should there be reasonable cause, the Dean of Student Life or their designee may act immediately without following the conduct process procedures established by the University and impose an interim suspension in situations where (a) the student engaged, or threatens to engage in behavior which constitutes a direct threat to others, (b) the student has caused or likely will cause significant property damage, or (c) the student's behavior has or likely will significantly disturb normal university operations and/or the educational process.

c. Direct Threat

In determining whether an individual poses an imminent danger or a direct threat to the health or safety of others, the University will make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures will mitigate the risk without fundamentally altering the nature of the service, program or activity. Absent exigent circumstances creating an imminent risk of harm, the assessment will be made prior to a decision to remove a student based on the threat they pose to others.

In situations that the Dean of Student Life or their designee is aware that a student has a disability, the University's section 504/Title II coordinator and other appropriate persons knowledgeable about the student's condition will be involved where students are removed or seek a return to the University.

d. Notice of Interim Suspension

A student who is issued an interim suspension and excluded from the University shall be required to leave the property of the University immediately and shall be notified that they will thereafter be treated as a trespasser if they return to University property without proper authorization. Written notice will be sent to the student informing the student of the following:

1. That the student has been issued an interim suspension from the University;
2. That the student has been excluded from being on University property;
3. That the student will be considered a trespasser if they return to University property without proper authorization;
4. The reasons for the interim suspension from the University and the exclusion from University property;
5. Date, time and location of an Interim Suspension Review Meeting; and
6. That the Director of Student Conduct will be initiating disciplinary action against the student.

e. Disciplinary Process after Interim Suspension

The Director of Student Conduct shall initiate the disciplinary process for a student who has been issued an interim suspension and excluded from the University. The disciplinary process is the formal set of procedures the University has in place for allegations of student misconduct and occurs after the interim suspension has been issued and reviewed. The notification for the conduct conference will be issued separately of the interim suspension and exclusion from University property.

1. The student shall thereafter be permitted to enter the University campus only for the limited purpose of participating in the disciplinary proceedings conducted under this section.
2. The Director of Student Conduct may require that the student be escorted to and from the disciplinary proceedings by members of the University police department.
3. Every attempt will be made to act expeditiously with the disciplinary proceedings. Typically, proceedings are held within 30 days absent exigent circumstances.

f. Review of Interim Suspension

Within five (5) days after a student has been notified of the interim suspension and exclusion from University property, the student may request an interim suspension review meeting to determine whether the interim suspension should continue or whether the student should be reinstated and allowed to return to University property, pending their conduct conference. Exceptions to this timeline may be made in circumstances where a student is unable to respond (i.e. incarceration).

1. If the student attends the review meeting, they shall be given an opportunity to present their version of the events.
2. The Vice President for Student Affairs or designee, shall conduct the review meeting and decide whether or not to cancel or continue the suspension.
3. The suspended student shall not have the right to confront or question witnesses, or call their own witnesses.
4. The suspended student is entitled to be accompanied at the review meeting by one advisor. The advisor shall have no role at the review meeting other than to advise the student and shall not be permitted to ask or to answer questions or to make oral arguments.

Portions of the Ferris State Code of Student Community Standards is adapted from The NCHERM Group Model Developmental Code of Student Conduct and is used here with permission.

Section III: Sexual Misconduct Resolution Process

Code of Student Community Standards

Section III: Sexual Misconduct Resolution Process

This Sexual Misconduct Resolution Process applies to the resolution of all Formal Complaints of Sexual Harassment and related sexual misconduct allegations, including sexual exploitation, that do not apply within the scope of the Ferris State University Sexual Harassment and Related Title IX Policy and when the respondent is a student. The Sexual Misconduct Resolution Process was adapted from the University's Title IX Policy to address sexual harassment and sexual misconduct allegations that are outside of the Title IX Policy, usually when the behavior occurs off campus, in a private setting, and outside the scope of the University's Education Programs and Activities or that occurs outside the geographic boundaries of the United States even if it occurs in the University's Education Programs and Activities.

Administration

The Director of Student Conduct or their designee shall have responsibility to oversee and administer the Sexual Misconduct Resolution Process. The Director of Student Conduct may consult with other University administrators and counsel as needed.

Fairness and Impartiality

The Director of Student Conduct, Investigating Officer, Conduct Case Manager, appeals officer, and informal resolution facilitator will be free of any material conflicts of interest or material bias. Any party who believes one or more of these University officials has a material conflict of interest or material bias must raise the concern to the Dean of Student Life promptly so that the University may evaluate the concern and find a substitute, if appropriate. The standard to be used in determining whether recusal is warranted is whether the individual would be able to evaluate the case fairly and impartially given the individual's knowledge of the matter or personal or professional relationship with any party. In cases involving allegations of Sexual Harassment, the University prohibits the use of medical experts that have an actual or apparent conflict of interest.

The failure of a party to timely raise a concern of a conflict of interest or bias may result in a waiver of the issue for purposes of any appeal.

Presumption of Non-Responsibility

From the time a report or Formal Complaint is made, a Respondent is presumed not responsible for the alleged misconduct until a determination regarding responsibility is made final.

Participation in Investigations and Adjudications

All members of the University Community are encouraged to fully cooperate with any investigation and adjudication under this Student Respondent Sexual Misconduct Resolution Process. In the event an alleged complainant refuses to participate, the Title IX Coordinator may file a Formal Complaint. In the event a Respondent refuses to participate, the Sexual Misconduct Resolution Process will be completed despite the Respondent's lack of participation and may result in a finding of misconduct *in absentia*.

Relationship with Criminal Process

Some instances of Sexual Harassment may also constitute criminal conduct. In such instances, the Complainant is also encouraged to file a report with the appropriate law enforcement authorities and, if requested, the University will assist the Complainant in doing so. The pendency of a criminal investigation, however, does not prohibit the University from having a fair and reasonable disciplinary process to maintain the orderly function of the University. Therefore, while the University may temporarily delay its processes under this policy to avoid interfering with law enforcement efforts if requested by law

enforcement, the University will otherwise apply this policy and its processes without regard to the status or outcome of any criminal process.

Understanding Consent and Incapacitation

Consent

Lack of consent is a critical factor in determining whether Sexual Harassment has occurred. As defined above, consent is the voluntary agreement to engage in sexual contact. Consent to engage in sexual contact must demonstrate that it meets the following four components: (1) informed, (2) freely and actively given, (3) mutually understandable words or actions, (4) indicating a clear agreement to engage in sexual contact of any kind.

It is the responsibility of the person who wants to engage in sexual contact to make sure that they have received consent from any person(s) involved. If an individual initiating sexual contact is not sure if they have received consent, they have an obligation to seek additional clarification.

Informed:

1. Consent includes each person(s) having a clear and mutually understanding of the nature and scope of the sexual contact;
2. Consent to one form of sexual contact does not constitute consent to all forms of sexual contact;
3. Informed consent cannot be given by anyone under the legal age of consent (anyone under age 16).

Freely and Actively Given:

1. Consent cannot be given by an incapacitated person(s) (see definition of incapacitation above);
2. Consent cannot be achieved through force (see definition of force above), threat, deception, intimidation or coercion (see definition of coercion above).
3. Consent cannot be assumed or implied by a current or previous dating or sexual relationship.

Mutually Understandable Words or Actions:

1. Consent consists of clear communication (words or actions) that indicates each person(s) unambiguous willingness to engage in sexual contact from the beginning to end of each instance of sexual contact and for each form of sexual contact;
2. Consent cannot be assumed or implied by silence, passivity, the lack of an objection. A person who does not physically resist or verbally refuse sexual contact is not necessarily giving consent.

Indicating a Clear Agreement to Engage in Sexual Contact:

1. Consent can be withdrawn at any time through clear communication (words or actions) that indicates each person(s) is no longer willing to engage in sexual contact.
2. In the absence of a clear agreement to engage in sexual contact, consent does not exist.

Incapacitation

Incapacitation is a state where an individual cannot make an informed and rational decision to consent to engage in sexual contact because the individual lacks conscious knowledge of the nature of the act (e.g., to understand the “who, what, where, when, why or how” of the sexual interaction) and/or is physically or mentally helpless. An individual is also considered incapacitated, and therefore unable to give consent, when asleep, unconscious, or otherwise unaware that sexual contact is occurring.

Incapacitation can only be found when the Respondent knew or should have known that the Complainant was incapacitated when viewed from the position of a sober, reasonable person. One’s own intoxication is not an excuse for failure to recognize another person’s incapacitation.

Incapacitation may result from the use of alcohol and/or other drugs; however, consumption of alcohol of other drugs, inebriation, or intoxication alone are insufficient to establish incapacitation. Incapacitation is beyond mere drunkenness or intoxication. The impact of alcohol or drugs varies from person to person, and evaluating incapacitation requires an assessment of how consumption of alcohol and/or drugs impacts an individual’s:

1. Decision-making ability
2. Awareness of consequences
3. Ability to make informed judgments
4. Capacity to appreciate the nature of circumstances of the act.

No single factor is determinative of incapacitation. Some common signs that someone may be incapacitated include slurred speech, confusion, shaky balance, stumbling or falling down, vomiting, and unconsciousness.

Investigation

Commencement and Timing

Upon receiving a Formal Complaint, the Investigating Officer will undertake an investigation to gather evidence relevant to the alleged misconduct, including inculpatory and exculpatory evidence. The burden of gathering evidence sufficient to reach a determination in the adjudication lies with the University and not with the parties. The investigation will culminate in a written investigation report, that will be submitted to the Office of Student Conduct. Although the length of each investigation may vary depending on the totality of the circumstances, the University strives to complete each investigation within ninety (90) business days.

During the course of the investigation, the Investigating Officer may receive counsel from University administrators, the University’s attorneys, or other individuals as needed.

Documentation of Investigation

The Investigating Officer will take reasonable steps to ensure the investigation is documented. Interviews of the parties and witnesses may be documented by the Investigating Officer’s notes, audio recorded, video recorded, or transcribed. The particular method utilized to record the interviews of parties and witnesses will be determined by the Investigating Officer in the Investigating Officer’s sole discretion, although whatever method is chosen shall be used consistently throughout a particular investigation.

Content of the Sexual Misconduct Investigation

During the investigation, the Investigating Officer will provide an equal opportunity for the parties to be interviewed, to present witnesses (including fact and expert witnesses), and to present other inculpatory and exculpatory evidence and to describe the effect of the alleged incident on their opportunity to benefit from the University’s programs or activities. Except for circumstances where the University has determined that informal resolution may be appropriate and the parties have agreed to participate in such

a process, the Investigating Officer will not concurrently interview the Complainant and Respondent and/or require the parties to discuss, mediate, or otherwise resolve the complaint.

Notwithstanding the foregoing, the Investigating Officer retains discretion to limit the number of witness interviews the Investigating Officer conducts if the Investigating Officer finds that testimony would be unreasonably duplicative, irrelevant to the allegations under investigation, or if the witnesses are offered to render testimony that is categorically inadmissible, such as testimony concerning sexual history of the Complainant. The Investigating Officer will not restrict the ability of the parties to gather and present relevant evidence on their own.

The investigation is a party's opportunity to present testimonial and other evidence that the party believes is relevant to resolution of the allegations in the Formal Complaint. A party that is aware of and has a reasonable opportunity to present particular evidence and/or identify particular witnesses during the investigation, and elects not to, will be prohibited from introducing any such evidence during the conduct conference absent a showing of mistake, inadvertence, surprise, or excusable neglect.

Formal rules of evidence do not apply to the conduct conference or any informal resolution processes. Nonetheless, evidence that is irrelevant or whose prejudicial effect substantially outweighs its probative value may be excluded from consideration.

The Investigating Officer will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review physical evidence and/or materials, review electronic transmissions, review records and other documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Information relevant to the investigation may include the severity, pervasiveness, and chronology of alleged conduct; the relationship, if any, existing between the parties prior to and after the alleged conduct; patterns of conduct; consent and co-involvement of the parties; effects of drug or alcohol use; and the effect of intervening measures taken by the University.

Throughout the investigation, parties will be granted an opportunity to review and comment, in writing, any statements or evidence provided by the other party or any information independently developed by the Investigating Officer. The University will respect determinations made by the Complainant and Respondent regarding their level of participation in the investigation. However, parties shall be advised that non-participation in the process shall not preclude the University from appropriate remediation of complaints, including completing of its fact finding and imposition of corrective or disciplinary action if determined appropriate.

All parties and witnesses involved in the investigation are expected to provide complete and truthful information. University Community members are expected to comply with reasonable requests from the Investigating Officer for records, documentation, and/or other materials and to cooperate in the investigatory process, including the timely arrangement of meetings, evidence production, and following Investigating Officer directives. Students who disrupt or obstruct the investigation may be subject to corrective and/or disciplinary action.

Access to the Evidence

At the conclusion of the evidence-gathering phase of the investigation, but prior to the completion of the investigation report, the Investigating Officer will transmit to each party and their advisor, in either electronic or hard copy form, all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including evidence the University may choose not to rely on at any conduct conference and inculpatory or exculpatory evidence whether obtained from a party or some other source. Thereafter, the parties will have ten (10) business days in which to submit to the Investigating Officer a written response, which the Investigating Officer will consider prior to completing the investigation report.

Investigation Report

After the period for the parties to provide any written response to the evidence has expired, the Investigating Officer will complete a written investigation report that fairly summarizes the various steps taken during the investigation, summarizes the relevant evidence collected, lists material facts on which the parties agree, and lists material facts on which the parties do not agree. When the investigation report is complete, the Investigating Officer will transmit a copy to the Title IX Coordinator. The

investigation report will be transmitted to each party and their advisor, in either electronic or hard copy form at least ten (10) business days prior to a conduct conference if a conduct conference is required.

Emergency Removal

At any time after receiving a report of Sexual Harassment, the Dean of Student Life may remove a student Respondent from the University's Education Programs and Activities on a temporary basis if an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment justifies removal. In the event the University imposes an emergency removal, the University must offer to meet with the Respondent within the next business day and provide the Respondent an opportunity to challenge the emergency removal.

Student Respondent Adjudication Conduct Conference Process

Conduct Case Manager

Upon receipt of the final investigation report, the Title IX Coordinator or designee will promptly refer the matter to the Office of Student Conduct who will oversee the conduct conference process and render a determination of responsibility for the allegations in the Formal Complaint, at the conclusion of the conduct conference process. The Title IX Coordinator will see that the Office of Student Conduct is provided a copy of the investigation report and a copy of all evidence and the evidence transmitted to the parties by the Investigating Officer.

Conduct Conference and Response to the Investigation Report

After the conduct case manager is designated by the Director of Student Conduct, the parties will receive written notice of the conduct case manager's appointment; the deadline for the parties to submit any written response to the investigation report; a date for the pre-conference meeting; the date and time for the conduct conference; and a copy of the applicable conduct conference procedures. Neither the pre-conference meeting, nor the conduct conference itself, may be held any earlier than ten (10) business days from the date of transmittal of the written notice specified in this section.

A party's written response to the investigation report must include:

1. To the extent the party disagrees with the investigation report, any argument or commentary regarding such disagreement;
2. Any argument that evidence should be categorically excluded from consideration at the conduct conference based on privilege, relevancy, undue prejudice, the prohibition on the use of sexual history, or for any other reason;
3. A list of any witnesses that the party contends should be requested to attend the conduct conference pursuant to an attendance notice issued by the conduct case manager;
4. A list of any witnesses that the party intends to bring to the conduct conference without an attendance notice issued by the conduct case manager;
5. Any objection that the party has to the conduct conference procedures;
6. Any request that the parties be separated physically during the pre-conference meeting and/or conduct conference;
7. Any other accommodations that the party seeks with respect to the pre-conference meeting and/or conduct conference;
8. The name and contact information of the advisor who will accompany the party at the pre-conference meeting and/or conduct conference;
9. If the party does not have an advisor who will accompany the party at the conduct, a request that the University provide an advisor for purposes of conducting questioning.

A party's written response to the investigation report may also include:

1. Argument regarding whether any of the allegations in the Formal Complaint are supported by a preponderance of the evidence; and
2. Argument regarding whether any of the allegations in the Formal Complaint constitute Sexual Harassment.

Pre-Conference Meeting

Prior to the conduct conference, the conduct case manager will conduct a pre-conference meeting with the parties and their advisors. The pre-conference meeting will be conducted live, with simultaneous and contemporaneous participation by the parties and their advisors. By default, the pre-conference meeting will be conducted with the conduct case manager, the parties, the advisors, and other necessary University personnel, including the Title IX Coordinator or their designee, together in the same physical location. However, upon request of either party, the parties will be separated into different rooms with technology enabling the parties to participate simultaneously and contemporaneously by video and audio.

In the conduct case manager's discretion, the pre-conference meeting may be conducted virtually, by use of video and audio technology, where all participants participate simultaneously and contemporaneously by use of such technology.

During the pre-conference meeting, the conduct case manager will discuss the conduct conference procedures with the parties; address matters raised in the parties' written responses to the investigation report, as the conduct case manager deems appropriate; discuss whether any stipulations may be made to expedite the conduct conference; discuss the witnesses the parties have requested be served with notices of attendance and/or witnesses the parties plan to bring to the conduct conference without a notice of attendance; and resolve any other matters that the conduct case manager determines, in the conduct case manager discretion, should be resolved before the conduct conference.

Issuance of Notices of Attendance

After the pre-conference meeting, the conduct case manager, or a University Official acting on their behalf, will transmit notices of attendance to any University employee (including administrator, faculty, or staff) or student whose attendance is requested at the conduct conference as a witness. The notice will advise the subject to appear for the conduct conference at the specified date and time and advise the subject to contact the conduct case manager immediately if there is a material and unavoidable conflict.

Conduct Conference

After the pre-conference meeting, the conduct case manager will convene and manage a conduct conference pursuant to the applicable conduct conference procedures. The conduct conference will be audio recorded or transcribed. The audio recording or transcription will be made available to the parties for inspection and review on reasonable notice, including for use in preparing any subsequent appeal.

The conduct conference will be conducted live, with simultaneous and contemporaneous participation by the parties and their advisors. The Conduct Case Manager shall maintain necessary order and shall make all rulings necessary for a fair, orderly, and expeditious conduct conference. By default, the conduct conference will be conducted with the conduct case manager, the parties, the advisors, witnesses, and other necessary University personnel together in the same physical location. However, upon request of either party, the parties will be separated into different rooms with technology enabling the parties to participate simultaneously and contemporaneously by video and audio.

In the conduct case manager's discretion, the conduct conference may be conducted virtually, by use of video and audio technology, where all participants participate simultaneously and contemporaneously by use of such technology.

While the conduct conference procedures and rulings from the conduct case manager will govern the particulars of the conduct conference, each conduct conference will include, at a minimum:

1. Opportunity for each party to address the conduct case manager directly and to respond to questions posted by the conduct case manager;
2. Opportunity for each party's advisor to ask directly, orally, and in real time, relevant questions, and follow up questions, of the other party and any witnesses, including questions that support or challenge credibility;
3. Opportunity for each party to raise contemporaneous objections to testimonial or non-testimonial evidence and to have such objections ruled on by the conduct case manager and a reason for the ruling provided;
4. Opportunity for each party to submit evidence that the party did not present during the investigation due to mistake, inadvertence, surprise, or excusable neglect;
5. Opportunity for each party to make a brief closing argument.

Except as otherwise permitted by the conduct case manager, the conduct conference will be closed to all persons except the parties, their advisors, the Investigating Officer, the conduct case manager, the Title IX Coordinator or designee, and other necessary University personnel. With the exception of the Investigating Officer and the parties, witnesses will be sequestered until such time as their testimony is complete.

During the conduct conference, the parties and their advisors will have access to the investigation report and evidence that was transmitted.

While a party has the right to attend and participate in the conduct conference with an advisor, a party and/or advisor who materially and repeatedly violates the rules of the conduct conference and/or engages in other behavior that is materially disruptive, may be barred from further participation and/or have their participation limited, as the case may be, in the discretion of the conduct case manager.

Subject to the minimum requirements specified in this section, the conduct case manager will have sole discretion to determine the manner and particulars of any given conduct conference, including with respect to the length of the conduct conference, the order of the conduct conference, and questions of admissibility. The conduct case manager will independently and contemporaneously screen questions for relevance in addition to resolving any contemporaneous objections raised by the parties and will explain the rationale for any evidentiary rulings.

The conduct conference is not a formal judicial proceeding and strict rules of evidence do not apply. The conduct case manager will have discretion to modify the conduct conference procedures, when good cause exists to do so, and provided the minimal requirements specified in this section are met. When it appears necessary, the Conduct Case Manager may, at their discretion, grant a reasonable postponement and/or recess of the conduct conference.

Subjection to Questioning⁷

In the event that any party or witnesses refuses to attend the conduct conference or attends but refuses to submit to questioning by the parties' advisors, the testimony of that party or witnesses, as the case may be, whether given during the investigation or during the conduct conference, will be given appropriate evidentiary weight the conduct case manager in reaching a determination of responsibility.

In applying this section, the conduct case manager will not draw an inference about the determination regarding responsibility based solely on a party or a witness's absence from the conduct conference and/or refusal to submit to questioning by the parties' advisors.

Deliberation and Remedies

After the conduct conference is concluded, the conduct case manager will objectively evaluate all relevant evidence collected during the investigation, including both inculpatory and exculpatory evidence, together with testimony and non-testimony evidence received at the conduct conference, and ensure that any credibility determinations made are not based on a person's status as a Complainant, Respondent, or witness. The conduct case manager will take care to exclude from consideration any evidence that was ruled inadmissible at the pre-conference meeting or during the conduct conference. The conduct case manager will resolve disputed facts using a preponderance of the evidence (i.e., "more likely than not") standard and reach a determination regarding whether the facts that are supported by a preponderance of the evidence constitute one or more violations of the policy as alleged in the Formal Complaint.

Discipline and Remedies

In the event the conduct case manager determines that the Respondent is responsible for violating this policy, the conduct case manager will, prior to issuing a written decision, consult with an appropriate University official with disciplinary authority over the Respondent and such official will determine any discipline to be imposed. In cases where the conduct case manager does not work within the Office of Student Conduct, they will consult with the Office of Student Conduct. The conduct case manager will

⁷ Section updated on October 15, 2021 to mirror updates to the Sexual Harassment Policy and Related Title IX Grievance Process resulting from new guidance from the U.S. Department of Education regarding 34 C.F.R. § 106.45(b)(6)(i).

also, prior to issuing a written decision, consult with the Title IX Coordinator who will determine whether and to what extent ongoing support measures or other remedies will be provided to the Complainant.

University will impose discipline commensurate with the severity or pervasiveness of the offense and the threat it poses to the community. The conduct case manager is authorized to impose any one or a combination of administrative and educational outcomes for behavior found to be in violation of the Code of Student Community Standards ranging from an administrative warning to permanent dismissal from the institution.

Written Decision

After reaching a determination, the conduct case manager will prepare a written decision that will include:

1. Identification of the allegations potentially constituting Sexual Harassment made in the Formal Complaint;
2. A description of the procedural steps taken by the University upon receipt of the Formal Complaint, through issuance of the written decision, including notification to the parties, interviews with the parties and witnesses, site visits, methods used to gather non-testimonial evidence, and the date, location, and people who were present at or presented testimony at the conduct conference.
3. Articulate findings of fact, made under a preponderance of the evidence standard, that support the determination;
4. A statement of, and rationale for, each allegation that constitutes a separate potential incident of Sexual Harassment, including a determination regarding responsibility for each separate potential incident;
5. The discipline determined by the appropriate University official and any ongoing support measures or other remedies as determined by the Title IX Coordinator;
6. A description of the University's process and grounds for appeal.

The conduct case manager's written determination will be transmitted to the parties. Transmittal of the written determination to the parties concludes the conduct conference process, subject to any right of appeal as listed below.

Although the length of each adjudication by conduct conference will vary depending on the totality of the circumstances, the University strives to issue the conduct case manager's written determination within fifteen (15) business days of the conclusion of the conduct conference.

Dismissal After Referral or During Adjudication

The University may dismiss a Formal Complaint at any point during the investigation or adjudication process if the Title IX Coordinator determines that any one or more of the following is true:

1. The conduct alleged in the Formal Complaint would not constitute Sexual Harassment as defined by this section;
2. The Complainant provides the Office of Student Conduct written notice that the Complainant wishes to withdraw the Formal Complaint or any discrete allegations therein (in which case those discrete allegations may be dismissed);
3. The Respondent is no longer enrolled at the University, as the case may be; or
4. Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint, or any discrete allegations therein (in which case those discrete allegations may be dismissed).

In the event the Director of Student Conduct determines that a Formal Complaint should be dismissed pursuant to this section, the Director of Student Conduct will provide written notice of dismissal to the parties and advise them of their right to appeal as specified in this section. A dismissal pursuant to this section is presumptively a final determination as it pertains to this policy, unless otherwise specified in writing by the Director of Student Conduct in the written notice of dismissal.

Appeal

Either party may appeal the determination of an adjudication, or a dismissal of a Formal Complaint, on one or more of the following grounds:

1. A procedural irregularity affected the outcome;
2. There is new evidence that was not reasonably available at the time the determination or dismissal was made, that could have affected the outcome;
3. The Title IX Coordinator, Investigating Officer, or conduct case manager had a conflict of interest or bias for or against Complainants or Respondents generally, or against the individual Complainant or Respondent, that affected the outcome.

No other grounds for appeal are permitted.

The appeal must be submitted in writing, within ten (10) business days of the notice of determination or dismissal being sent by the University, and must specifically identify the determination and/or dismissal appealed from, articulate which one or more of the three grounds for appeal are being asserted, explain in detail why the appealing party believes the appeal should be granted, and articulate what specific relief the appealing party seeks.

Promptly upon receipt of an appeal, the appeal officer will conduct an initial evaluation to confirm that the appeal is timely filed and that it invokes at least one of the permitted grounds for appeal. If the appeal officer determines that the appeal is not timely, or that it fails to invoke a permitted ground for appeal, the appeal officer will dismiss the appeal and provide written notice of the same to the parties.

If the appeal officer confirms that the appeal is timely and invokes at least one permitted ground for appeal, the appeal officer, or a University Official acting on their behalf, will provide written notice to the other party that an appeal has been filed and that the other party may submit a written opposition to the appeal within ten (10) business days. The appeal officer shall also promptly obtain from the Office of Student Conduct any records from the investigation and adjudication necessary to resolve the grounds raised in the appeal.

Upon receipt of any opposition, or after the time period for submission of an opposition has passed without one being filed, the appeal officer will promptly decide the appeal and transmit a written decision to the parties that explains the outcome of the appeal and the rationale.

The determination of a Formal Complaint, including any discipline, becomes final when the time for appeal has passed with no party filing an appeal or, if any appeal is filed, at the point when the appeal officer has resolved all appeals, either by dismissal or by transmittal of a written decision.

No further review beyond the appeal is permitted.

Although the length of each appeal will vary depending on the totality of the circumstances, the University strives to issue the appeal officer's written decision within fifteen (15) business days of an appeal being filed or the opposition statement being received, whichever is later.

Advisor of Choice

From the point a Formal Complaint is made, and until an investigation, adjudication, and appeal are complete, the Complainant and Respondent will have the right to be accompanied by an advisor of their choice to all meetings, interviews, and conduct conference that are part of the investigation, adjudication, and appeal process. The advisor may be, but is not required to be, an attorney.

The advisor may provide support and private counsel to the party. However, except for the questioning of witnesses during the conduct conference, the advisor may not advocate on behalf of a party, be actively involved in any proceedings, or directly address the Investigating Officer, conduct case manager, or appeal officer. The support person/advisor must agree to maintain the confidentiality of the process.

The University reserves the right to remove or dismiss an advisor who fails to follow this process and applicable provisions of the Sexual Misconduct Resolution Process, in which case the party will be allowed to select a different advisor.

In the event a party is not able to secure an advisor to attend the conduct conference, and requests the University to provide an advisor, the University will provide the party an advisor, without fee or charge, who will conduct questioning on behalf of the party at the conduct conference. The University will have sole discretion to select the advisor it provides. The advisor the University provides may be, but is not required to be, an attorney.

The University is not required to provide a party with an advisor in any circumstance except where the party does not have an advisor present at the conduct conference specified and requests that the University provide an advisor.

Treatment Records and Other Privileged Information

During the investigation and adjudication process, the Investigating Officer and/or adjudicator are not permitted to access, consider, disclose, permit questioning concerning, or otherwise use the following records or information unless the University has obtained the party's voluntary, written consent to do so for the purposes of the investigation and adjudication process:

1. A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party; or
2. Information or records protected from disclosure by any other legally-recognized privilege, such as the attorney client privilege;

Notwithstanding the foregoing, the Investigating Officer and/or adjudicator may consider any such records or information otherwise covered by this section if the party holding the privilege affirmatively discloses the records or information to support their allegation or defense.

Sexual History

During the investigation and adjudication processes, questioning regarding a Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Notwithstanding the foregoing, a Complainant who affirmatively uses information otherwise considered irrelevant by this section for the purpose of supporting the Complainant's allegations, may be deemed to have waived the protections of this section.

Informal Resolution

At any time after the parties are provided written notice of the Formal Complaint as specified in this process, and before the completion of any appeal, the parties may voluntarily consent, with the Director of Student Conduct's approval, to engage in mediation, facilitated resolution, or other form of dispute resolution the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the parties.

The specific manner of any informal resolution process will be determined by the parties and the Director of Student Conduct, in consultation together. Prior to commencing the informal resolution process agreed upon, the Director of Student Conduct will transmit a written notice to the parties that:

1. Describes the parameters and requirements of the informal resolution process to be utilized;

2. Identifies the individual responsible for facilitating the informal resolution (who may be the Director of Student Conduct, another University official, or a suitable third-party);
3. Explains the effect of participating in informal resolution and/or reaching a final resolution will have on a party's ability to resume the investigation and adjudication of the allegations at issue in the Formal Complaint; and
4. Explains any other consequence resulting from participation in the informal resolution process, including a description of records that will be generated, maintained, and/or shared.

After receiving the written notice specified in this paragraph, each party must voluntarily provide written consent to the Director of Student Conduct, before the informal resolution may commence.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended.

If the parties reach an agreed resolution through the informal resolution process, and the Director of Student Conduct agrees that the resolution is not clearly unreasonable, the Director of Student Conduct will reduce the terms of the agreed resolution to writing and present the resolution to the parties for their written signature. Once both parties and the Director of Student Conduct sign the resolution, the resolution is final, and the allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by the University, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or other misconduct or where required to avoid a manifest injustice to either party or to the University. A resolution reached pursuant to this section is not subject to appeal.

A party may withdraw their consent to participate in informal resolution at any time before a resolution has been finalized.

Absent extension by the Director of Student Conduct, any informal resolution process must be completed within twenty (20) business days. If an informal resolution process does not result in a resolution within twenty-one (20) business days, and absent an extension, abeyance, or other contrary ruling by the Director of Student Conduct, the informal resolution process will be deemed terminated, and the Formal Complaint will be resolved pursuant to the investigation and adjudication procedures. The Director of Student Conduct may adjust any time periods or deadlines in the investigation and/or adjudication process that were suspended due to the informal resolution.

Other language in this section notwithstanding, informal resolution will not be permitted if the Respondent is a non-student employee accused of committing Sexual Harassment against a student.

Objections Generally

Parties are expected to raise any objections, concerns, or complaints about the investigation, adjudication, and appeals process in a prompt and timely manner so that the University may evaluate the consider and address it, if appropriate.

Outside Appointments, Dual Appointments, And Delegations

The University retains discretion to retain and appoint suitably qualified persons who are not University employees to fulfill any function of the University, including, but not limited to, conduct case manager, informal resolution officer, and appeals officer.

The University retains discretion to appoint two or more persons to jointly fulfill the role of conduct case manager, informal resolution officer, and/or appeals officer.

Disciplinary Records

All conduct records are maintained by the University for at least seven (7) years from the time of their creation except those that result in suspension or dismissal, which are maintained indefinitely

C. General Residence Hall & East Campus Suite Policies

The following is a list of Housing policies. Knowing these policies and following them are the responsibility of each person from the time they become a resident of University Housing.

Housing/Campus Policies

Individuals/groups who fail to comply with and/or violate these policies may find themselves subject to university discipline. Students are responsible for their room and suite and any activities that occur therein, including the behavior of their guests. The assigned resident does not need to be present, actively involved, or even aware that an incident involving their guests has taken place to be held accountable for that incident.

Taking Responsibility for Confronting Noise and Disruptive Behaviors

Living in the residence halls and university suites helps solidify the educational experience and contributes to the growth of an individual. Thus, students are asked to assume initial responsibility in addressing complaints on their own.

If you have a problem with the noise/behavior of another student, you are expected to ask that student to reasonably change their behavior. If that student is uncooperative, you should then request assistance from a Housing staff member.

E. Fire Safety & Security

The University is committed to maintaining a healthy and safe environment in our residential communities while respecting and preserving individual rights. In order to manage this delicate balance, the University has developed policies and procedures to which all residents should comply.

Included below are the expectations regarding the use of personal and University facilities as they relate to fire safety issues. The University recognizes that these policies may cause individual inconvenience. The policies are intended to protect the health and welfare of the larger community. Any activity that could potentially compromise fire safety is a violation of policy. Withholding information/evidence concerning a fire is a serious offense.

1. Appliances

- a. *Prohibited Items:* Those appliances with exposed elements such as toasters, toaster ovens, pizza ovens, waffle makers, electric pans or griddles, appliances that heat oil such as deep fryers, or those that have the ability to act as a pressure cook, pose a safety hazard and are not permitted in residence halls. Although not a comprehensive list, items such as slow cookers, coffee pots, electric kettles, rice cookers, and air fryers are allowed in residence halls. Common household appliances are permitted in the kitchen area of East Campus Suites and West Campus Apartments.
- b. *Microwaves:* The University restricts the size to a maximum of 750 watts per residence hall room or East Campus suite.
- c. *Refrigerators:* The University restricts the size to a maximum of 4.6 cubic feet per room. The East Campus Suites and apartments are provided with the acceptable refrigerator.
- d. *Space Heaters:* Space heaters of any size or style are prohibited.

2. Electrical/Lighting

- a. *Extension Cords/Surge Protectors:* To help protect equipment and prevent electrical fires, all electrical cords must be kept visible and out of walkways. Electrical cords may not be run under rugs or over doorways, and wires may not be hung from the ceiling or pipes.
- b. *Lamps:* Halogen lamps, lava lamps, and medusa style lamps (lamps with 3 or more bulbs) are not permitted due to fire risk.
- c. *Overhead Lighting:* Students are prohibited from installing a black light into the overhead light fixture or otherwise tampering with, altering or covering the light fixtures in any way.

3. Flammable Materials and Incendiary Devices

- a. *Candles, candle warmers, incense, or open flames:* Candles, decorative or otherwise are not permitted in any campus housing unit. Incense and other items that generate open flame are prohibited. Melted wax, burned wicks, etc., may be considered a violation of this policy. Behaviors that create or present the possibility of creating a fire such as burning candles, incense, igniting door decorations, posters or other materials regardless of intention, is considered a serious offense that could result in suspension or dismissal from the University. Candle warmers are also prohibited.
- b. *Fireworks:* All fireworks are prohibited on campus.
- c. *Flammable Materials:* Possession of materials or containers holding fluids used for igniting fires is prohibited. Prohibited fluids include, but are not limited to, charcoal lighter, gasoline, propane, and cigarette lighter refueling containers. Possession or storage of motorcycles, motor bikes, or other motorized vehicles is strictly prohibited in University Housing.
- d. *Grills and Outdoor Cooking Appliances:* Are allowed to be possessed and used by West Campus apartment residents provided they are kept outside of the apartment. All lighter fluid and other flammable materials must also remain outside of the apartment space and away from the building.

4. Room/Building Safety

- a. *Hanging Objects:* Objects hung from any ceiling, ceiling light fixture, smoke detector, or any exposed pipe are prohibited.

- d. *Pipes:* Students are not permitted to tamper with or hang any items from pipes in their rooms. Stress on pipes may cause structural damage resulting in severe water leakage.
- e. *Modification of Water Supply Lines:* Residents are not permitted to make any modifications to the water supply lines in any of the residential spaces. A resident, however, may request accommodations to meet their personal or religious needs by directing their request to the Director of Housing and Residence Life at westcampusapartments@ferris.edu.
- f. *Propping Doors:* Residents may not prop any residence hall or suite door intended to remain closed and/or locked for safety and security reasons. Propped doors compromise the safety and security measures they are designed to meet, including fire safety.
- g. *Room Door Decorations:* Students are not permitted to decorate their doors in any way (inside or out). Materials hung on the door constitute a fire hazard. Artwork on doors, such as painting, drawing, or etching will be considered destruction/damage of property.
 - Residence Hall decorations that can be affixed by masking tape will be permitted only on the concrete area surrounding the doorframe.
 - Weather stripping is not permitted.
 - Residents are responsible for any damage that may result from putting tape or other adhesives on walls or doorframes.
 - Excessive decorations, as determined by Housing staff, are not permitted, as this may constitute a fire hazard.

5. Fire Safety

- a. *Fire Safety and Fire Safety Equipment*
 - Fire Safety equipment is provided to help ensure everyone's safety. Tampering with alarms, extinguishers, or smoke detectors is a violation of local, state, and federal laws, as well as a violation of University policies.
 - Students will be billed a minimum of \$200 for any damages found through annual inspections of the smoke detectors.
 - Covering or otherwise obstructing a smoke detector is prohibited.
 - Any activity that could potentially compromise fire safety is a violation of policy.
 - Withholding information/evidence concerning a fire is a serious offense.
- b. *Fire Evacuation:* When fire alarms are activated, including during scheduled fire drills, all occupants must evacuate the building. Residents must wait outside the building until a member of the staff indicates they may return. Failure to evacuate during a fire alarm is a serious violation of University policy.
- c. *Smoke Detectors:* To enhance the safety and well-being of all students, the University has installed smoke detectors in each room, suite, and apartment.
- d. *Smoking:* Smoking is not permitted in University Housing. Students must stand well away (minimum of 25 feet) from all buildings while smoking outside.

Section V: Administrative Policies

Code of Student Community Standards

Section V: Administrative Policies

Consensual relationships between university employees and students.

Consensual relationships of an amorous or sexual nature, that might be appropriate in other circumstances, are deemed inappropriate when they occur between an employee of the University and a student for whom he or she has a professional responsibility. For example, such a relationship would be inappropriate between a faculty member, administrator, supervisor, advisor, coach, or residential staff member and a student for whom they have professional responsibility. Even when both parties have consented to the development of such a relationship, the relationship can raise serious concerns about the validity of consent, conflicts of interest, and unfair treatment for others and may result in serious consequences. Employees and students of the University are expected to make responsible choices.

It is the policy of the University that any University employee, who has professional responsibility for students, shall not assume or maintain professional responsibility for any student with whom the University employee has engaged in an amorous or sexual relationship. Whether the relationship predated the assumption of professional responsibility or arose out of the professional association, the University employee shall immediately disclose the relationship to the relevant unit administrator. The unit administrator shall immediately arrange a meeting of the parties to the relationship to discuss alternative oversight of the student, and to attempt to reach cooperatively, agreement on changes that will move professional responsibility for the student to another University employee. If no agreement is reached, the unit administrator shall determine and direct the best method to deal with the situation.

Freedom on the Campus and Uniform Regulations of Campus Activity/Facility

Statement of Principles

The University recognizes, endorses, and abides by the principles of free speech that flow from the First Amendment to the United States Constitution. Protected speech cannot be completely suppressed solely because of the audiences' approval or disapproval of its content. Yet, there is no absolute right to assemble or to make or hear a speech, at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting or speech. In addition, the First Amendment will not protect expression where reasonable content-neutral University rules and regulations have not been followed.

Rights Reserved to the University

The University reserves the right to deny permission to University organizations or units and/or community groups that may wish to sponsor lecturers, entertainers, groups, or exhibitions that may be in conflict with the University's policies or local ordinances. The University's Division of Student Affairs shall be responsible for administering policies and procedures to regulate campus activities and to control the use of University facilities in order to, amongst other legitimate purposes, maintain order on campus, avoid disruption of the educational mission, promote an educational atmosphere,

and promote safety and security. Such policy shall be issued by the Vice President for Student Affairs and approved by the President.

All events and activities that may be sponsored on the University campus must be pre-registered with the Center for Leadership, Activities and Career Services; and the Administration will determine if the activity or event is appropriate and in the best interests of the University. The sponsoring organization, unit, or community group is responsible to provide adequate provision for the health, safety and welfare of the general public. If the sponsoring agency fails to insure the proper behavior and conduct of its audiences, the sponsoring agency may be subject to penalty or discipline where applicable, if damages or mishap occur during the course of its sponsored activity. The University must insist on proper conduct and proper use of its facilities in accordance with University policy.

Uniform Regulation of Campus Activity and Facility Use

The University regulates and controls the use of its facilities in order to, amongst other legitimate purposes, maintain order on campus, avoid disruption of the educational mission, promote an educational atmosphere, and promote safety and security. Consistent with these purposes and the requirements of the First Amendment, campus activity and facility use are subject to the following requirements and limitations:

1. The University may place reasonable time, place, and manner restrictions on campus activity/facility use to the extent the restrictions are not based on the content of the presentation, are narrowly tailored to serve a significant institutional interest, and leave open ample alternative channels of communication. Such restrictions may relate to advance notice, security, parking, advertising, indemnification, insurance, health and safety, as well as other areas.
2. A request for a campus activity/facility use may be denied by the University, after proper inquiry, where the activity/event will constitute a clear and present danger to the University's orderly operation because of the speaker's advocacy of such actions as:
 - a. The violent overthrow of the government of the United States, the State of Michigan, or any political subdivision thereof;
 - b. The willful damage to, destruction of, or seizure and subversion of the University's buildings or other property;
 - c. The forcible disruption of, impairment of, or interference with, the University's regularly-scheduled classes or other educational functions;
 - d. The physical harm, coercion, intimidation, or other invasion of lawful rights of the University's officials, faculty members, or students; or
 - e. Other campus disorders of a violent nature.

For purposes of this subpart, "advocacy" means preparing the group addressed for imminent action and steeling it to such action, as opposed to the abstract espousal of the moral propriety of a course of action by resort to force; and there must be not only advocacy to action but also a reasonable apprehension of imminent danger to the essential functions and purpose of the University.

3. Expression that does not constitute protected speech is not protected by the First Amendment and may be regulated or suppressed. Where it is patently clear, after investigation, that the activity/event will result in such unprotected expression, the University may restrict or exclude the event. Such unprotected expression includes the following (these are terms of art that must be applied according to the definitions established by the United States Supreme Court):
 - a. Defamation: Oral or written falsehoods communicated to third parties that would harm the reputation of another.

- b. **Fighting Words:** Insulting or fighting words – those which by their very utterance inflict injury or tend to incite an immediate breach of the peace.
 - c. **Obscenity:** The material in question is patently offensive, appeals to prurient interests, and taken as a whole, lacks serious literary, artistic, political or scientific value.
4. Where a request for a campus activity or facility use is denied by the University, the sponsoring organization will be given notification of the reason(s) for the denial. Any aggrieved sponsoring organization may appeal the denial in writing within five (5) working days to the Vice President for Student Affairs. If requested, the Vice President for Student Affairs, or their designee, will provide an informal hearing within three (3) working days of the filing of the appeal. No later than five (5) working days after the filing or after the hearing, whichever is later, the Vice President for Student Affairs will decide the appeal and notify the sponsoring organization of their decision and the reason(s) for that decision. The decision of the Vice President for Student Affairs is final.

Prohibition of Certain Conduct by Campus Speakers

A speaker must not urge the audience to take action which is prohibited by the rules of the University or which is illegal under federal or Michigan law. Advocating or urging the modification of the government of the United States or of the State of Michigan by violence or sabotage is specifically prohibited. It is the responsibility of the sponsoring student organization to inform speakers of these prohibitions.

Sponsorship of Campus Speakers

Sponsorship of a campus speaker must be by a student organization which has been recognized under the general regulations approved by the appropriate University authorities.

Responsibilities of the Sponsoring Organization

For purposes of preserving a record of all such public meetings and of coordinating them with the business of other activities taking place on University property, the sponsoring organization must (a) make all arrangements for reservation of space with the appropriate University officials, and (b) complete a form to be furnished by the appropriate University office indicating, among other things, the subject to be discussed, the names of all speakers and the time and place of the meeting, and the form is to be certified by the signature of a faculty advisor. All rules for administration of requests from recognized student organizations must conform to the requirements of this subpart. It shall be the responsibility of the institutional officer under whom the program is administered to certify that all appropriate steps have been taken before the event is officially scheduled.

Violation of this Policy

Any student organization violating this policy is subject only to the procedures and penalties applicable to students and student organizations that violate other University rules.

Notification of Rights under the Family Educational Rights and Privacy Act (FERPA).

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. **The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.** Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **The right to request the amendment of the student's education records that the student believes is inaccurate or misleading or otherwise in violation of the student's privacy rights under FERPA.** Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student in writing of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to provide written consent before the University disclosures of personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.** The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, collection agent, contract employee, or a clinical/internship facility); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

To view the FERPA waiver used by Student Conduct, please see Section VI, Appendix D: FERPA Waiver Trustees; or Section IV: Administrative Policy

4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by Ferris State University to comply with the requirements of FERPA.** The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-4605

As outlined by the Act, at the discretion of the University, "directory information," as defined as academic college or program/major, addresses, admission status, athletic participation, class level, dates of attendance, degrees/honors/awards received, enrollment status, name, previous schools attended and telephone, may be released without your consent. However, you may request that all of the items identified as directory or public information be withheld and considered restricted information. To exercise this option you must file a written request at the Timme Center for Student Services. The request for non-disclosure must be filed by the end of the first week of fall term to assure information will not be published in the student directory. A request for non-disclosure will be honored by the institution and remain active until you notify the Record's Office in writing to remove the restriction.

Ferris State University regards all student records as protected by FERPA. Parents requesting access to their child's records (grades, billing, etc.), including minors (children under the age of 18), are encouraged to ask their son(s) and/or daughter(s) to fill out an Authorization to Disclose Information form at the first floor service counter in the Timme Center for Student Services.

Section VI: Housing Regulations, Policies & Information

Code of Student Community Standards

Section VI: Housing Regulations, Policies & Information

What follows is a list of Housing and Residence Life regulations and standards. Knowing and following them are the responsibilities of each person from the time they becomes a resident of University Housing.

Room, Suite, and Apartment Entry

The University is committed to maintaining a healthy and safe environment, as well as respecting and preserving students' rights to privacy. The University, however, reserves the right to make periodic administrative inspections of residence hall rooms, suites, and apartments (whether or not the residents are present). Housing staff may enter a room/apartment/suite whenever:

- There is a threat to the safety or well-being of the occupants or other residents.
- There is an issue with the physical plant requiring maintenance or repair.
- There is reasonable suspicion to believe that the occupants are violating a University rule or regulation. This includes when a resident refuses to answer the phone or door in response to a University staff member attempting to carry out their responsibilities.
- There is reason to believe that there is imminent hazard to the property.
- Disruptive noise from sound equipment is violating an individual's right to sleep, study, etc.

Rooms/apartments/suites may be entered (during the absence of the occupant) to turn off a loud stereo, alarm clock, or similar item; shut a window; or correct any problem that interferes with the rights of other students.

The University reserves the right to inspect any room, suite or apartment, at any time, for reasons of health, safety, and welfare.

Every room and suite will be entered at the beginning of each vacation period when the halls are closed. This is to ensure that all windows are closed and locked, the curtains are closed, and general safety and security is maintained.

Room/Apartment/Suite Checks

Housing Staff are required to do checks on a periodic basis for the purpose of making sure no fire hazards, health and safety hazards, or violations of University rules exist. Please cooperate with the Staff in their efforts to maintain a secure housing environment.

Room Entry – Student Locked Out Of Room

Housing Staff are not required to key residents into their living space. It is the students' responsibility to carry their room key with them at all times.

Emergencies, Health, Safety, & Security

The University is committed to maintaining a healthy and safe environment in our residential communities, while respecting and preserving individual rights to privacy. In order to manage this delicate balance, the University has developed policies and procedures with which all residents should be familiar.

The following are expectations regarding the use of personal and University facilities, as they relate to health and safety issues. The University recognizes that these policies may cause individual inconvenience. The policies are intended to protect the health and welfare of the larger community.

Confiscation

University staff reserves the right to confiscate property/equipment that potentially constitutes a threat to health and safety, and/or has contributed unnecessarily to an environmental disturbance or a violation of policy. Examples include, but are not limited to: alcohol containers, candles, incense, paraphernalia, pets, weapons/ammunition, stereos, sports equipment, etc. If it is necessary for property to be confiscated, it may or may not be returned at the time a student is able to take it home.

Extension Cords/Surge Protectors

Multiple plug bar outlets with a circuit breaker, or “surge protector” power strips are recommended for computers and other sensitive electronic equipment. The University is not responsible for electrical surges, interruptions or damage that occurs as a result.

Medical Waste

This policy applies to students who self-administer medication including, but not limited to, insulin, shots for clotting factors, etc. Students are required to dispose of all needles and syringes in a medical waste container, provided at no charge by the Birkam Health Center. The medical waste container must be returned to the Health Center by the student when it becomes full, and/or at the end of each term (whichever comes first). Students needing assistance obtaining or returning containers are encouraged to contact the Birkam Health Center.

Windows and Screens/Freezing Pipes

Pipes may freeze and break if a window is left open and/or the heat is turned off during cold weather. Residents will be held responsible for any loss or damages that result from such negligence.

Smoke Detectors

To enhance the safety and well-being of all students, the University has installed smoke detectors in each room, suite, and apartment.

Fire

When fire alarms are activated, all occupants must evacuate the building. When evacuating, occupants should take the following action:

- Turn lights on
- Close windows and doors
- Open curtains
- Wear shoes, a long coat and carry a large towel
- Lock the room door
- Walk quickly out of the building
- Remain more than 100 feet from the building

Residents must wait outside the building until a member of the staff indicates they may return. Failure to evacuate during a fire alarm is a serious violation of University policy.

Severe Weather

Understanding the terminology used in cases of inclement weather is important. Please take note of the procedures used for safety.

- a. *Tornado Watch* - Used to alert the public to the possibility that a tornado may develop. The size of a watch area is approximately 100 miles wide and 300 miles long, over a certain area.
- b. *Tornado Warning* – A tornado has been sighted in the area or its presence has been detected by radar.
- c. *Tornado Siren* - The alarm for a tornado warning is a siren, which sounds intermittently for three minutes. When the all clear is announced, the same siren will be given continuously for three minutes.

d. *Tornado Safety Tips:*

- If you are in a residence hall, move into the bathroom of your suite or well away from the windows to an interior hallway. Hall Staff will keep you apprised of developments as they occur.
- If you are in a suite, move to the lowest level utilizing the center stairway and away from windows.
- If you are in West Campus Apartments, move to the basement. If you are in East or South Campus Apartments, move to the bathroom.
- Seek inside shelter, preferably in a tornado cellar, underground excavation, or a steel framed or reinforced concrete building of substantial construction.
- Stay away from windows.
- If a building is not of reinforced construction, go quickly to a nearby reinforced building or to a ravine or open ditch and lie flat.
- Avoid auditoriums and gymnasiums or other structures with wide, free-span roofs.
- If you are in open country, move away from the tornado's path at a right angle, and lie flat in the nearest depression, such as a ditch or ravine.
- Keep listening. Your radio and television stations will broadcast the latest tornado advisory information.

Loft Construction & Use

The purpose of the Loft Policy is to promote the safety of the residents who utilize lofts in the residence halls. While lofts are not necessary to arrange a comfortable room, residents may elect to use approved lofts as a means of personalizing their living environment. Refer to the Housing and Residence Life website for specific loft specifications. Lofts are not permitted in the 9th, 10th, and 11th floors of Cramer Hall, any University apartments, or East Campus Suites. Lofts will need to be removed prior to the start of exam week in the semester the student is vacating their residence hall room.

Responsible Alcohol Usage in Cramer Hall

Students with roommates and guests under the legal drinking age may consume and possess limited amounts of alcohol in their assigned room. Each resident of legal drinking age may possess in their assigned room: 72 ounces of beer, **or** 750 mL of wine, **or** 375 mL of liquor. In order to support legal and responsible drinking habits, the residents of legal drinking age must also adhere to the following:

- Students who choose to possess alcohol in their assigned room may not mix quantities (e.g. a resident of legal drinking age may not possess a 12 ounce beer and 250 mL of wine).
- Students of legal drinking age may consume alcohol only in their assigned room, or in another room in Cramer Hall with an assigned resident of legal drinking age.
- Consumption of alcohol in hallways, lounges or other common areas is prohibited.
- Guests of residents that are not of legal drinking age may not consume or possess alcohol.
- Students under the legal drinking age may be present in a room where alcohol is being consumed in accordance with this policy.

Services & Amenities

Computer Labs

Residence Hall computer labs are intended for building residents only. Any unauthorized use of computer labs will result in disciplinary action. Keys for residence hall computer labs can be obtained from the front desk by providing a Student ID card. Halls have policies pertaining to the utilization of their labs. Please make yourself aware of these policies. If you experience problems in the labs, refer to the policies and procedures posted in that lab. Students must abide by the microcomputer lab policies and procedures established for the residence hall labs if they choose to use these facilities.

Deliveries (Food, Flowers, Packages, etc.)

Local food establishments may only deliver orders to the lobby. Room deliveries are not permitted. Flowers and packages are delivered to the front desks of the individual halls and students are notified via their mailboxes. Apartment and Suites delivery are made to the West Campus Community Center.

Dining Centers

Dining center access is generally available from 7:00 AM until 12:00 AM or later, in various locations on campus. Exact hours of operation are posted in each dining unit or food court. Menus and hours of operation are available on the Dining Services web home page. Students must present their Student ID to gain entry into the dining centers.

Meal Plan changes may be made during the first two weeks of classes of every semester at the Dining Services Office. A fee is assessed for all meal plan changes. The new meal plan will be prorated from the day of the change.

Take-out meals are available for students who are ill. A friend may obtain a take-out meal for the ill student by presenting their ID and the meal pass, obtained from the hall directors, to the dining center checker.

Dining Services offers nutrition and dietary counseling with a registered dietitian. Special diets can be accommodated, by making an appointment with the dietitian at 231-591-2209.

Furniture

University furniture assigned to the room or suite (such as desks, chairs, beds, and dressers) is the student's responsibility. All items present at the time of check-in must be present and in original University order at checkout. The University will not store student room furniture.

Guest/Visitors

Non-residents of a building are not permitted to walk freely without an escort. Any guest or visitor of a resident must be escorted by their resident host. Courtesy telephones are available to guests or visitors at the front door of each building.

Laundry Facilities

Laundry facilities are available on a first-come, first-serve basis except where a sign-up sheet system is utilized. To ensure the safety of possessions, it is recommended that residents remain with their laundry throughout the laundering process. The University is not liable for any damaged or stolen property.

Mail and Mailing Address

Tampering with mail is a crime and should be reported to the Hall Director, Student Conduct, and/or FSU Department of Public Safety. Each semester, during registration, students are required to report their correct home address. Any changes in residence must be reported to the Housing and Residence Life Office within three days. All USPS packages too big for your mailbox must be picked up at the post office, West Campus Community Center or residence hall front desk accordingly.

Housing Administration

Closing Procedures

Aside from the usual room and/or board charges, a student who signs a Housing and Residence Life contract may incur additional costs as well. These charges include, but are not limited to the following:

1. Proper Checkout

Proper checkout procedures involve contacting a staff member 24 hours in advance for the purpose of scheduling a checkout appointment for returning the key, checking room/apartment/suite for damages and cleanliness, and signing all necessary paperwork. At that time, the student must be fully prepared to complete the checkout (space is empty, cleaned, loft is removed, key ready to turn in, etc.). Failure to follow these procedures may result in a fee being assessed for improper checkout and a key core change.

2. Cleaning

As a general rule, residents are responsible for returning their living space to its original condition. The following guidelines have been established to ensure a smooth and efficient checkout, and to help residents avoid unnecessary charges:

- Make a checkout appointment with a staff member 24 hours in advance.

- Remove all personal belongings.
- Thoroughly clean, sweep and mop the space(s). Do not sweep anything out into the hallway.
- Assemble all furniture in original, University order, with 2"-3" space between the walls and furniture so that the sides may be checked for damage.
- Clean walls.
- Thoroughly clean, sweep and mop the bathroom floor, and clean the sink, shower, mirror and toilet.
- Clean and fold the mattress cover, and place it on the end of the bed.
- Take all trash to the appropriate receptacle, and empty and wash the garbage cans.
- Return keys to the staff member while conducting the checkout appointment.

NOTE: Failure to comply with these guidelines may result in \$100 or more cleaning fee.

3. **Room Damage and Repair**

Residents will be provided with a Room/Apartment/Suite Inventory Sheet upon initial move in. This inventory sheet will include information about the apartment or room/rooms, furnishings and their condition prior to arrival. It is important that residents review this sheet in detail and report any discrepancies and unlisted damages to the staff. Otherwise, at the time of checkout, the resident may be held responsible for something that may not necessarily be their fault. Additionally, after annual inspections of fire detectors in each room is performed, a resident may be charged for the repair, which will be applied after a resident has checked out. Any questions should be directed to Housing staff.

When the residents check out of the apartment or room, this Inventory Sheet will be reviewed again and residents will be held responsible for any damages found.

Billing

Upon checkout, students who are responsible for damages to equipment or property, liable for replacement of lost items, or assessed a cleaning fee or fine, will be issued a charge slip that will serve as a bill. Charges are payable at the Timme Center for Students. Staff will not collect money. Roommates/suitemates are responsible for resolving discrepancies regarding damages and other billable items. Failure to reach agreement will result in hall staff issuing split charges to all parties involved.

Consolidation

Rates are based on full normal occupancy for each individual space. Students periodically find themselves in an under-assigned room or suite with one or more empty bed(s). In order to be fair to all students, these students must choose between 1) paying for a private room or buying out the suite, 2) finding a new roommate themselves, 3) consolidating with someone in similar circumstances, or 4) accepting a new roommate with the direction of the University. Consolidation starts near the beginning of each academic period and continues throughout each semester. The rooms that become vacant through the consolidation process are available for persons preferring a single room.

If a student does not want a private room, and a roommate is not found, the student may experience the benefit of a private room temporarily without payment. Such students must leave their room arranged in such a way as to allow for a roommate to move in at any time and with little or no prior notice. If, however, a potential roommate is identified and the resident is given the option to decline to accept them, the resident will be charged for a private room on a pro-rated basis from the original date of single occupancy.

The lottery process is required when consolidation efforts by the individual residents are not successful. The Hall Director will conduct a lottery involving all "under-assigned" students. Males and females will be separated. The first person drawn will move into the room of the second person drawn. The third person drawn will be required to move into the room of the fourth, and so on. With mutual consent, the students may choose to consolidate into either room. If the students have not consolidated by 5:00 PM on the third day after the lottery, each roommate will be billed at the private room rate. The consolidation and lottery processes do not require a student to move to a different hall.

Contracts

Housing contracts are a legally binding document. The contract is for the entire term noted within.

Termination

Students that reside in campus housing must have signed a contract on file with Housing and Residence Life. For the resident/student, this contract is a signed agreement to abide by, and follow, established University policies and procedures. Therefore, the University reserves the right to terminate a student's housing contract without refund should this agreement be violated.

Abandoned Property

If a resident vacates/abandons a Housing unit and leaves personal property in the unit, such property shall be deemed abandoned. Abandoned property may be removed and disposed of by the University. The University may, at its sole discretion, elect to remove and/or store such property at the resident's expense for up to 30 days. Handling fees will be charged at an hourly labor rate and storage fees assessed. Resident consents to the sale/disposal of such property at the University's discretion without legal liability.

Housing Transfer

Students may be required to move to another housing facility on campus. This may happen when circumstances do not warrant a student's removal from campus, but suggest a new assignment may be important to promote the safety and welfare of the individual and the community. Assignment authority rests with the University.

Housing Contract Termination

The University may remove a student from campus housing for violations of University rules and regulations, health and safety violations, or if the resident is no longer enrolled. Aside from established disciplinary procedures, the Director of Housing and Residence Life may remove a student if their presence or behavior jeopardizes the rights and freedoms of others, or causes undue stress for the surrounding community. Students will generally be given no longer than 48 hours to properly complete a move. Less time may be afforded in the case of an Interim Suspension. A student has the right to a hearing following the removal. The University will take possession of the resident's room if the contract is terminated.

Withdrawal from the University

Students who withdraw from the University are not entitled to campus housing. Students who withdraw before the completion of an academic term will have their housing contract cancelled as well. Students wishing to withdraw from the University begin the process in the office of their academic Dean. Once verified by that office, proper withdrawal from housing will be permitted.

Occupancy Standards

Two (2) students are generally assigned to each residence hall room, with the exception of Cramer Hall. Students may not put three or four beds in one room in order to use the other room in the suite as a "living room." This is a violation of health and safety standards. Cramer Hall is the only hall designed to accommodate this living arrangement. One student is assigned to each room within an apartment or East Campus Suite. Moving beds or other furniture to create a study room is a violation of health and safety standards.

Hall and Room Assignments/Occupancy

In the spring of each academic year, returning students may have the opportunity to select a room of choice for the following year. Assignments are made on a "first come, first served" basis. It is not possible to honor all roommate requests; however, every attempt is made to do so. It is important to note that Ferris State University does not discriminate based on race, color, creed, national origin, or sexual orientation, amongst others. The University does not guarantee a choice of buildings, and assignments are ultimately determined by the University.

Students may only reside in the room to which he/she has been assigned. Occupying a room improperly is likely to result in a room change, improper checkout, and/or damage charges being

assessed. No more than two (2) students may occupy any residence hall room as sleeping quarters. Disciplinary action may also be taken.

Hall and Room Changes

It is possible to request a room change within the current building after the second week of classes. With the approval of the Hall Director, and space permitting, some room changes may be permitted. A \$25 fee may be charged for each assignment change. The fee does not apply when the student is transferred for disciplinary or administrative reasons.

Students may change rooms only when authorized by the Hall Director PRIOR to the move taking place. Students who change rooms improperly are subject to disciplinary action and may be required to return to their original room.

Roommate Conflicts

When conflicts occur between roommates or suitemates, students are encouraged to resolve their disagreements themselves. If unable to reach an agreement, students are encouraged to contact their Resident Advisor to obtain assistance in resolving their differences. Hall Staff are trained in mediation techniques. The mediator may work with the roommates to draft a contract that addresses the concerns of each person. Roommate contracts require the residents to sign an agreement and abide by terms of the contract.

A mandatory follow-up meeting may be scheduled between the mediator and the roommates to ensure that the terms of the contract are followed by all involved. When roommates are unwilling to abide by the terms of their contract or when they are unwilling to enter into the mediation process, Housing and Residence Life reserves the right to make new room assignments, and/or institute disciplinary procedures.

Housing Security Programs

A primary responsibility of living in campus housing is to work toward a sense of community and responsibility for safety within on-campus housing. The Ferris community encourages its members to be alert and to personally help deter crime. The goal is to discourage potential crimes and encourage a more caring and responsible community environment.

Secure Items: ID, Room Key, Mailbox Key

All students are given access to several items that should be kept secure at all times: Student ID, room key, mailbox key or combination, laundry vending card and telephone authorization code. It is expected that the student take proper precautions to ensure the security of these items.

1. Student ID Cards

- When coming to FSU for the first time, each student is issued a picture ID card (Student ID card). This ID serves as a key to access many campus services: meal plans, Dining Dollars, housing door access, library account, and more.
- *Students are required to carry their ID card and display this card upon request by any University official. Allowing another person to use their ID, for any reason, is a violation of University policy.*
- Fraudulent use of a Student ID will result in the immediate confiscation of the ID card by a University staff member. The cardholder is assessed a fee for any lost, stolen, or misused ID cards. Misuse of a Student ID Card will result in disciplinary action for all parties involved.
- A lost Student ID card should be reported to the Timme Student Services Carding Office immediately, 24 hours a day, at 231-591-2901. Students accept full liability for any debit transactions posted to their account prior to notifying Timme Student Services Carding Office. There is a charge for misuse, replacement and any lost or stolen Student ID Card.

2. Keys

Students are fully responsible for their room and mail keys. Replacement of a lost key is a minimum of \$45. Students may possess only one room key at a time, and may not duplicate or disseminate that key. Students should carry their keys at all times. Staff are not required to key

students into their rooms. Students may not loan or give their key to another person for any reason.

Security Programs and Resources

1. **Bicycle Registration**

Department of Public Safety offers free bicycle registration. Contact DPS for more information.

2. **Card Access Readers**

Card Access Readers are provided in buildings. This is a security measure designed to permit resident access to perimeter doors while restricting access to non-residents. Residents are prohibited from allowing others to use their card to gain entry into a building or permitting non-residents access to the building.

3. **Campus Crime Hotline**

If you have any information regarding crimes on campus, please call 231-591-5900. Anonymous tips are welcome.

4. **Emergency Phones**

Emergency phones have been placed at various locations on campus and are marked by a blue light. These phones put you in immediate contact with the Department of Public Safety and automatically register your location. Calls will be answered 24 hours a day, seven days a week.

5. **Foot Patrol**

The Department of Public Safety (DPS) usually provides Foot Patrol services nearly every night for the safety of the students on campus. Foot Patrol reports suspicious or disruptive activity to DPS Officers. One unit continuously patrols the grounds on campus, while the other patrols the living units.

6. **Insurance & Liability**

Ferris State University does not provide health insurance for students, and is not liable for the loss of, or damage to, students' personal possessions. **Students are strongly encouraged to carry private insurance on personal possessions. Such insurance is available through most homeowner's policies or individual renter's insurance policies.**

7. **Operation ID**

To help identify items that may be stolen (i.e., TVs, stereos, etc.), students are encouraged to engrave them with their driver's license number. Engravers are available at the Department of Public Safety.

8. **Peep Holes**

Most residence doors are provided with a peephole to enable residents to identify who is at their door prior to unlocking or opening the door.

9. **Safety Sticks**

Ground floor windows in residence hall rooms are secured with an additional safety stick to prevent opening from the outside.

Conduct Process vs. Court Process

What are the differences between the Ferris State University Student Disciplinary System and the Court System?

The purpose of the following is to clarify the basic differences between the Ferris State University student disciplinary system and the court system. The FSU student disciplinary system (like *all* college disciplinary systems) uses a different "standard of evidence" than is required by the criminal court systems. Additionally, the purposes of the systems are very different. For example:

- In the criminal court systems the standard of evidence is generally "beyond a reasonable doubt."
- In college disciplinary systems the standard of evidence is "preponderance of the evidence." In other words, is it "more likely than not" that a student violated the student code of conduct?
- Both systems must ensure that proper "due process" is followed.
- The two systems run independently of each other.
- The student disciplinary system cannot put students in jail and has no relation to the criminal court system.
- Colleges *DO* have the legal right and responsibility to determine if their students are responsible for violating their student code of conduct, *regardless of* what the court system does or does not do.
- The student disciplinary system is intended to be an educational and remedial process, while the criminal court systems are often punitive.

Conduct Process Flow Chart

What is Proper Due Process?

Proper due process requires the following:

1. The **opportunity to read all written reports and findings** from any investigation regarding the circumstances and allegations of the case.
2. The **opportunity to attend a conduct conference**. A student's conduct conference shall be scheduled minimally three days after the date of the notice. However, a student may waive their right to this three day provision. For conduct conferences scheduled with a University Committee on Discipline (UCD), the conduct conference shall be scheduled minimally five days after the date of notice.
3. The **opportunity to give a response** to the reports and to offer any additional information which might help in the resolution of the case.
4. The **opportunity, during the conduct conference, to review all information and ask questions** (or choose NOT to ask questions) related to the case information that may adversely affect the student.
5. The **opportunity to present witnesses** who may substantiate information related to the incident. The Director of Student Conduct, Conduct Case Manager or UCD Chair reserves the right to limit the number of witnesses based on the relevancy to the facts of the case. Character witnesses are generally not considered relevant.
6. The **opportunity to have an advisor** present during the conduct conference; the advisor may not participate in presenting the case, question witnesses, or make statements during the conduct conference.
7. Lastly, a **student is not required to attend their conduct conference or answer any questions** asked during the conduct conference; the choice to remain silent will not be taken as an admission of responsibility. However, a decision will be made in the student's absence and based on information available at the scheduled time of the conduct conference.

Interim Suspension vs. Suspension

An **Interim Suspension** is a *temporary* removal of a student from campus *pending the outcome of a conduct conference*. Every attempt will be made to act expeditiously with the disciplinary proceedings.

A student who has been issued an interim suspension is denied access to University housing, to the campus (including classes) and to all other University activities or privileges for which the student might otherwise be eligible.

An interim suspension may be imposed by the Dean of Student Life or their designee:

- a. the student engaged, or threatens to engage in behavior which constitutes a direct threat to others,
- b. the student has caused or likely will cause significant property damage, or
- c. the student's behavior significantly disturbs normal university operations, or may interfere with the educational process and/or the operations of the University

Suspension is one outcome of the student conduct process. Any student who has been suspended from the University has been afforded due process including the opportunity to participate in a conduct conference to determine the appropriate consequence(s) of their behavior.

A suspension is for a specific period of time, typically a semester or a full academic year. When the term of the suspension has ended, the student may apply for readmission. If the student is readmitted, they will remain on Disciplinary Probation for the remainder of their career at Ferris. In situations that a student has a disability, the University's section 504/Title II coordinator and other appropriate persons knowledgeable about the student's condition will be involved when that student seeks a return to the University.

Dismissal is another possible outcome of the student conduct process. Any student who has been dismissed from the University has also been afforded due process including the opportunity to participate in a conduct conference to determine the appropriate consequence(s) of their behavior.

A student who has been dismissed from the University *is not eligible for re-admission* to Ferris State University. A dismissal is a permanent separation between the University and the student.

Student Complaint Processes

The University has established processes for students to file a formal complaint, when necessary, to address and resolve their concerns. Complaints against another student that allege a violation of University policy should be submitted to the Office Student Conduct or the Department of Public Safety. Although not an exhaustive list, students with complaints of another nature should explore the following possible avenues.

- a. *Academic Programs* (such as advising, instruction, the library, or course requirements). Please refer to the Academic Affairs policy for student complaints at this location:
